Sources of MILK

FOR FEDERAL ORDER MARKETS BY STATE AND COUNTY

**U. S. DEPARTMENT OF AGRICULTURE
Agricultural Stabilization and Conservation Service
Milk Marketing Orders Division**

This publication presents information relating to milk supply areas for the various Federal order markets.

In contrast to the marketing areas where regulated handlers compete for the sale of milk, and which are specifically defined by the Federal orders, the milk supply areas are not specified by the orders.

These data on the sources of milk show the number of producers associated with each Federal order market, according to the States and counties in which their farms are located.

This publication was previously issued
by the Agricultural Marketing Service
as AMS-243 (1958)

Issued December 1961
